Town Warrant

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Newton, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said town, on Tuesday, the 10th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of the town officers and pass any vote relating thereto.

4. To see if the town will vote to authorize the selectmen to hire money in anticipation of taxes.

5. To see if the town will vote to raise and appropriate the sum of $1,000.50 for State Aid Construction on South Hampton Road in order to receive State aid of $2,000.00 or to vote to raise and appropriate the sum of $202.31 for Class V assistance in order to receive State aid of $809.24.

6. To see if the town will vote to petition the State Tax Commission to have an audit made by the division of

municipal accounting and to make an appropriation to cover the expense of such audit.

7. To see if the town will vote to raise and appropriate the sum of $300.00 for the use of the Board of Health, the Police department and the Fire department due to war emergency.

To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and forty two.

JAMES A. MARDEN,
EARLE B. NICHOLS,
CHARLES R. STEVENS,
Selectmen of Newton.

TOWN HALL, NEWTON

March 12, 1941.

The adjourned town meeting was called to order by the Moderator, Bernard I. Churchill at 8 P. M.

Article 1. On motion of George H. Bowers it was voted that all town officers not elected by ballot be chosen by the Selectmen.

Article 2. The finance committee recommended that the budget be accepted as printed in the town report.

On motion of George H. Bowen it was voted to accept the recommendation of the finance committee.

Article 3. The finance committee recommended the reports of the town officers be accepted as printed in the town report.

On motion of George H. Bowen it was voted to accept the recommendation of the finance committee.

Article 4. The finance committee recommended that the Selectmen be authorized to hire money in anticipation of taxes.

On motion of George H. Bowen it was voted to accept the recommendation of the finance committee.

Article 5. The finance committee recommended that the town accept Class V aid and the town to raise and appropriate $201.13 and the State will contribute $804.52.

On motion of Herbert E. Wilbur it was voted to accept the recommendation of the finance committee.

Article 6. The finance committee recommended that the Smith Corner Road be finished and the same to be tarred, also tar what was done in 1940.

On motion of George H. Bowen it was voted to finish Smith Corner Road under Class V appropriation.

Article 7. The finance committee recommended that the Chase Road be graded and tarred from Pond Street to a point beyond the second house, the cost to be paid from the balance of the Smith Corner Road appropriation and if that is not enough the balance of the cost to come out of the road agent's appropriation.

On motion of Hans G. Seel it was voted to accept the recommendation of the finance committee.

Article 8. The finance committee recommended that this article be passed over.

On motion of George H. Bowen, it was so voted.

Article 9. The finance committee recommended that the sum of $300.00 be raised and appropriated to purchase tarvia to be used on Railroad Avenue and Smith Corner Road.

On motion of Hans G. Seel, it was so voted.

Article 10. The finance committee recommended that this article be accepted and payment for the same be made from appropriations made in previous years for auditing purposes.

After much discussion, motion was made by George H. Bowen that the recommendation of the finance committee be accepted.

The motion was lost.

Article 11. The finance committee recommended that a committee be appointed to purchase a new fire truck at a cost not to exceed $3,500.00 and to raise money for the same by serial notes over a period of five years instead of three years.

This was an article that caused much discussion.

On motion of Thomas W. Locke it was voted that a committee of six be named to consist of two from each village, said committee to be appointed alternately, one by the Moderator and one from the floor.

This committee to purchase new fire truck at a cost not to exceed $3,500.00 to be paid for by notes in a period of three years; the old truck to be placed at Newton Junction fully equipped to meet the requirements of the Board of Underwriters.

57 in favor, 2 against.

The following committee was appointed: A. Ralph Estabrook, Hayden E. Cheney, James A. Marden, Thomas W. Locke, William Foley and Willard F. Paul.

Meeting adjourned without date at 10 P. M.

HENRY L. BURBECK,

Chief.

Report of Fire Chief for 1941

To the Board of Selectmen:

In making my report to the voters this year I would try to impress upon them that only with their cooperation can we hope to keep the fire losses down to a minimum. During the year just closed you are all aware of this fact that it was no ordinary year as far as fire conditions were concerned. As the drought conditions lasted from early spring to late fall it left us in a rather difficult position all summer with a serious shortage of water and spare help.

We, who are charged with the responsibility of fire protection are faced with the lack of man power that was available a few years ago, owing to the fact that so many of our young men and boys have been working in some distant state or have joined the armed forces of our country. As it has been my lot to serve in a dual position of Fire Chief and State Fire Warden, I feel that I should say a word in regard to forest fires and fire permits. During the last twelve months the State of New Hampshire has suffered the greatest fire losses in our forests in its history. Fortunately, we have escaped from any serious forest fires during that time, due in a large extent to the protection of our State Lookout Station at Rockrimmon, enabling us to reach a fire before it gained too much headway. Now the State records show that about ninety percent of our forest fires are started by citizens who have a desire to clean up their back yards of leaves or grass and start them at the most dangerous time of day. It isn't the purpose of the State Forester to deny anyone the chance to clean up all kinds of inflammable material if they will only try to do so at the proper time. Over a period of years the people have been very cooperative in obtaining permits, although there are some who persist in lighting fires without them. The permits offer one of the best protections as it enables us to keep a record of where the Lookout is liable to pick up a smoke so it will not be necessary to take a car and hunt it up.

This spring the fire permits will be harder to obtain than in past years as the Forester has decided not to issue

them so late in the spring as usual. So let us all clean up what dry grass and rubbish we have before the conditions get too serious. It is much more important to remove the fire hazards than to lose our forests, and maybe our homes from carelessness.

Yours very truly,

A. RALPH ESTABROOK,
Fire Chief.

Report of Relief Agent for 1941

This year's report shows a substantial reduction in our direct relief bill, although we had several large bills for hospitalization and medical treatment. While under present conditions it is difficult to predict for any time ahead, I believe that our direct relief bill will be considerably less for the ensuing year, as nearly every one who can be employed is working.

Our Old Age Assistance report shows a considerable increase, but this is due to the fact that a number of elderly people, who were on direct relief, have transferred to the O. A. A. on reaching the age of 65 years. I believe that our

present rate of expense for the O. A. A. will remain about the same for the coming year.

The following report is respectfully submitted.

ROBERT S. PRESCOTT,
Relief Agent.

Report of the Superintendent of Schools

To the School Board and Citizens of Newton:

I herewith submit my annual report as Superintendent of your schools.

The Statistical Report is for the school year ending June 30, 1941, and is followed by the report of the Music Supervisor.

There has been no change in the teaching staff of our schools since the last report. We are indeed fortunate to be able to retain the services of capable and experienced teachers.

The enrollment for the year covered by this report was one hundred sixteen, which was seventeen less than during the year previous. The school attendance averaged 95.06 per cent. of the membership, as compared with the state average of 94.70 per cent.

There were eighteen graduates from the eighth grade last June. All but two of these have entered a high school this year. Each year the pupil in the graduating class of the elementary schools, who has best exemplified the principles of good citizenship, is awarded a medal by the Sons of the American Revolution. The award this year was presented to Nancy Richards.

The following list shows the September enrollment of Newton pupils in High Schools:

Sanborn Seminary	40 pupils
Haverhill High	12 pupils
Amesbury High	5 pupils
Total pupils enrolled in high schools	57 pupils

The exterior of the Junction School was painted last

summer and some needed repairs were made to the wood shed. At the Village School, a water filter was installed. This filter improves the taste of the drinking water to a remarkable degree, and thus makes it suitable for drinking. At Rowe's Corner the well was cleaned and the curb repaired.

Miss Helen Thomas, our school nurse, has been absent, due to illness, since November. Mrs. Elizabeth Hay, of Hampton, is taking her place, and is doing excellent work directing the health program in the Newton schools.

In December the recommendations and suggestions of the National Council for Civilian Defense, for the care of children at schools during air raids, were adopted and put into practice in all our schools. The air raid shelters have been selected, and the children, through frequent drills, have become accustomed to using them. Schools have been equipped with pails and shovels for the handling of incendiary bombs. The older children have been given minor responsibilities in this work and drills have been so conducted as to allay fear among the children.

Emphasis on the academic program, and particularly on Reading, Arithmetic, and Health has been maintained. The primary reading program has continued to be based on the "Alice and Jerry" series of textbooks, and instructional material in grade one through grade three, which have proved effective. We have also tried to diagnose reading disabilities and their causes, and to plan work to fit individual needs. The Metropolitan Achievement Tests and the Otis Tests of Mental Ability have been given, and prove most helpful in this work. The Arithmetic program is based on the recommendations made in 1936 by a national committee of specialists in the teaching of arithmetic in the elementary schools. This program with diagnostic tests and remedial work has made the instruction more effective. All arithmetic books now printed follow the new recommendations. As older text books have become worn out, we have replaced them with the new Curriculum books.

The very beneficial work in Remedial Reading conducted in our schools is being continued this year. There is

a special class at the Rowe's Corner School for those children who have reading difficulties. Through this work, improvement is noted in most cases. In the lower grades in this school the correlation of various subjects has been stressed. Art work has been correlated with general subject matter through the preparation of posters, illustrations, booklets, etc. Cod liver oil has been distributed to the needy children as usual.

The pupils in grades five and six at the Rowe's Corner School subscribe to a worthwhile weekly periodical which is very beneficial in that it improves reading ability, and keeps the pupil cognizant of world affairs. Radio programs on two days each week, have been continued this year, and prove both worthy and enjoyable. One interesting activity this group enjoyed in the fall was the making of a movie, in connection with the study of "Early Men." It involved work in almost every school subject, and was made a "talkie" by the pupils when it was shown on a screen they made. After several snow storms, snow sculpturing was attempted on the playground during recess.

An effort is being made in the Village primary room to individualize instruction. One of the teacher's greatest problems is that of meeting the individual needs of each pupil. The rise of standing of several pupils, through efforts along these lines, shows the benefits to be derived.

As a part of the 7th and 8th grade Social Studies program, the study of Civics is being greatly stressed. In planning the work, every effort is made to present information, ideas, goals and processes involved in intelligent living today and in the future. The Current Events period has a definite place on the school program today. Pupils participate in class discussions and debates, on the events reported. Not only does the child gain the power of expression from these discussions, but also becomes mindful of the ideals of American democracy, and the meaning of such ideals in our lives.

The Junction School joined the Junior Red Cross for 1941 and 1942. Party favors and calendars were made for the Old Ladies' Home in Haverhill. Calendars and menu

covers were made for the Veterans' Hospitals. These were sent at Christmas, Valentine's Day and Easter. The children enjoyed the magazine Junior Red Cross News.

For Art and Drawing, special lessons were given each week. The best one of each group was saved each week for exhibition at the annual Grange fair at Granite State Grange.

Radio programs, intended for use as aids in teaching history, geography, and literature, have been utilized each week. These programs have been most helpful both to teachers and pupils. Motion picture films have been used to a limited extent in teaching history and geography. We hope to make it possible to use them more often in the near future.

The Educational Policies Commission of the National Education Association performed a splendid service to education by preparing a bulletin in January entitled, "A War Policy For American Schools." In this report this commission suggests that education can make its best contribution to the war if school boards and educational workers consider carefully the following activities as both necessary and appropriate war duties of the schools:

Training workers for war industries and services.

Safeguarding health and physical efficiency.

Producing goods and services needed for the war.

Conserving materials by wise consumption and salvage.

Helping to raise funds to finance the war.

Increasing effective man power by correcting educational deficiencies.

Protecting school children and property against attack.

Protecting the ideals of democracy against war hazards.

Teaching the issues, aims, and progress of the war.

Sustaining the morale of children and adults.

Maintaining intelligent loyalty to American Democracy.

The Commission reminds us that there was never a time when educators carried such a heavy responsibility, nor even a time when their work was of greater significance. The schools have an important part to play in the battle for democracy. The times ahead will call for more generous financial support of the schools. The cost of supplies is rising rapidly. Fortunately schools are assured of reasonable supplies through a priority rating.

A shortage of teachers already exists not only in the elementary schools, but is even being felt in the high schools. We must do all that is possible to maintain the quality of our schools. We must strengthen them rather than allow the standard to be lowered as happened during the World War No. 1.

In conclusion, I wish to express my thanks to the members of the School Board for their interest and activity in the planning and carrying out of the school programs of the past year. I would also commend the teachers, who meet the children from day to day, for their loyal cooperation in handling the numerous problems of instruction and leadership. We have had fine public support for the school program. The training of our youth is a joint task, all community and home agencies must cooperate if it is to be well done.

Respectfully submitted,

WILLIAM J. NELSON,
Superintendent of Schools.

Report of Supervisor of Music

To Mr. W. J. Nelson, Superintendent of Schools:

I herewith submit my annual report as Supervisor of Music in the Newton schools.

The children of the lower grades have an organized course in rote singing; the songs are written within the range of the child's voice and of simple rhythm. The elements of musical notation are taught step by step through the grades. The radio and victrola are used for the teaching of musical appreciation.

"America the Beautiful", a musical play and pageant was presented in the Town Hall on March 28th. The boys and girls did excellent work due to the untiring efforts of their teachers. The affair was a success financially, the net proceeds being higher than for any previous event.

In conclusion, I wish again to express my appreciation to you, the teachers and students for the cooperation and support given me during the year.

Respectfully submitted,

EVA W. THOMPSON.
